We believe there is a better way...

We create more value by helping to reduce carbon footprints, streamlining customer pathways, offering reduced-waste programs and utilizing more efficient production methods.

keep it simple...

Focus on everyday products that deliver value every day.

keep it local...

design/stock/upholster/ship/assemble/service

How do we do that? We leverage the best ideas and innovations that globalization has created.

We bring it to your backyard and create local opportunities for local people.
